Helping families protect what matters most for years to come.

OVER 100 YEARS

Kidde has been a pioneer of smoke detection and fire suppression since 1917. As a world leader in fire safety products, our mission is to provide solutions that help protect people and property from fire and its related hazards. And for more than 100 years, industry leaders, the military, airlines, firefighters, businesses and millions of homeowners have turned to us to do exactly that.

Choose Kidde for fire extinguishers, smoke alarms, carbon monoxide alarms and other safety products. Visit **Kidde.com** to discover all that Kidde has to offer.

Since 1917, Kidde has been helping make every second count. And we're still the one that people count on for today's very latest technology.

THE NEXT LEVEL OF FIRE SAFETY

UL 217 9TH Edition Update

NEW UL Standards + Improved Kidde Safety Technology

Kidde is helping drive new legislation and define the standard for safety.

- **Improved detection of modern fires – fast flaming and smoldering – for more time to get to safety.**
- **Key features like self-testing technology, 10-year end-of-life notifications, a 10-year warranty and power surge immunity, help ensure occupants are always protected.**
- **Enhanced sensing technology for reduced cooking nuisance alarms.**
- **Multiple active Kidde patents on smoke detection, including *photoelectric technology*.**

Photoelectric + Firmware Technology

The new Underwriters Laboratories (UL) standard represents a major change in the life safety industry. In addition to existing wood and paper tests, the significantly revised UL standard incorporates three new tests: *cooking nuisance alarms*, *smoldering* and *flaming polyurethane*.

There's dramatically less time to escape a home fire compared to decades ago

Over 25% Faster✪ and up to 3X More Precise⁂ Smoke Detection

Kidde is already meeting and exceeding the new UL standard.

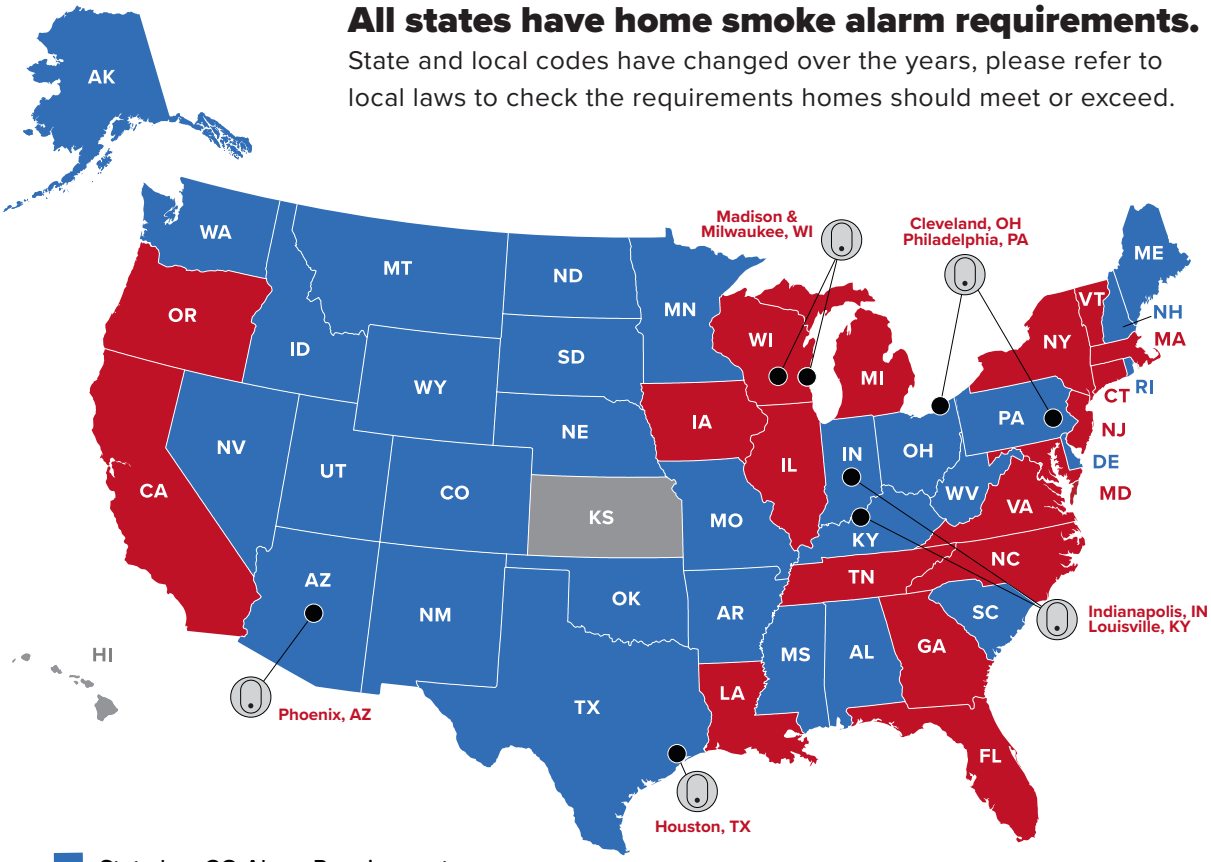
Kidde's standards are actually even more stringent than UL — with cutting edge technology, innovation and product designs that test beyond these latest industry guidelines. Please work with your sales representative to discuss 9th Edition alarms.

1 https://www.nfpa.org/education-and-research/home-fire-safety/escape-planning
✪29% faster average smoke detection based on internal testing of smoldering wood fires for Kidde 9th Edition vs. leading competitor 8th Edition products.
⁂In terms of consistency and range of obscuration rate, based on internal testing for Kidde 9th Edition vs. leading competitor 8th Edition products.

IT'S THE LAW

State Smoke and Carbon Monoxide (CO) Alarm Requirements

All states have home smoke alarm requirements.
State and local codes have changed over the years, please refer to local laws to check the requirements homes should meet or exceed.



State has CO Alarm Requirements

State has CO Alarm Requirements and select 10-Year Battery Smoke Alarm Requirements

State has Smoke Alarm Requirements only

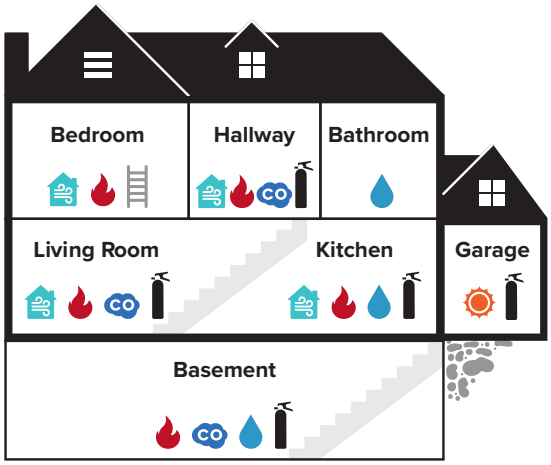
City has CO Alarm and select 10-Year Battery Smoke Alarm Requirements

Current as of 2/2025, Additional Municipality requirements may apply, please check your local laws.

Scan for the latest updates on Kidde.com

**Michigan 10-year Smoke Alarm requirements effective January 2026.*
**Photoelectric sensing smoke alarm required in ME, VT, MA, and OH. Ionization sensing smoke alarm required in OH. Select ionization alarms restricted in OR and VT.*
**Map updated as of February 2025.*

Home Safety Product Placement Guide



Safety Products	
Indoor Air Quality Monitor	
Smoke Alarm	Carbon Monoxide Alarm
Water Leak + Freeze Detector	Heat Alarm
Fire Extinguisher	Escape Ladder

NOTE: *Do not place alarms within 6 ft of appliances. These are general recommendations only, as every home is different. See specific User Guides (Smoke, CO, Ladder, etc.) for more detailed location information.*

How to shop our selection

1 Choose your alarm type

- **Smoke**
- **Carbon Monoxide**
- **Smoke + Carbon Monoxide**
- **Indoor Air Quality**
- **Water Leak + Freeze Detector**

2 Find your power source

- **Hardwired**
  For houses with wired alarms*.
- **10-Year Battery**
  No battery changes for the life of the device.
- **AA Battery**
  Replace batteries at least 2x per year.
- **Plug-In**
  Only available on select CO alarms.

3 Select your features

- **Never-Change 10-Year Battery Backup**
- **No Low Battery Chirps**
- **Reduced Nuisance Alarms**
- **Voice Alerts**
- **Self Testing**
- **Whole Home Connectivity**

** Available with 10-year and AA battery backup options.*

FIREX®

Firex offers advanced technology and performance that professional installers and contractors trust. Designed to meet the demands of busy pros, Firex provides consistent and reliable fire safety solutions for easy installation and fewer callbacks.

[1] When compared to the Class A firefighting capability of a UL 1-A:10-B:C rated fire extinguisher.
[2] Typically not used to meet commercial code applications.
[3] Per NFPA 10, single-use fire extinguishers do not require 6-year internal examinations. Annual external examinations and corrective actions are required.
